

India National Director Position Profile *Hyderabad or Chennai, India*

The Organization

Founded in 1938, Bible League International (BLI) is one of the world's largest evangelical, nondenominational Scripture placement agencies. Bible League India initially began in 1999 in Tamil Nadu and today is located within 12 states and in the North East.

Bible League exists for the following mission:

We are called by God to provide Scriptures and training worldwide, so that people prepared by the Holy Spirit will be brought into fellowship with Christ and His Church.

As a global Christian service organization, Bible League International accomplishes this mission by resourcing and strengthening the local church. Presently, Bible League International works with over 10,000 churches worldwide. BLI provides training to these churches, pastors, and Christians in areas of church planting, evangelism, and discipleship in several languages. BLI also provide those trained with Bible study materials and Bibles for graduates of the Bible study programs.

The Opportunity

Bible League India is seeking a highly impactful leader for the position of India National Director, reporting to the Regional Director of South Asia. The successful candidate will be responsible for providing strategic direction, ministry leadership, and operations oversight to ensure alignment of India's Bible League ministry with the accomplishment of Bible League International's Mission.

Responsibilities include planning, administering, and developing Bible League's India ministry, including strategic placement of Scriptures, church planting programs, and other ministry service areas. Direct reports include all state and area directors in India, as well as the main office personnel.

The Qualifications

India's National Director must be Christian, having a personal relationship with Jesus Christ and a passion and calling for evangelism and discipleship. This position requires English language fluency and a minimum of 7 year's comparable ministry or management experience. In addition, demonstrated competency is required across a broad range of leadership functions, with great emphasis in ministry leadership, operations, strategic planning, and finance and budgetary oversight, appropriate to an organization of comparable size. Experience in faith-based non-profit ministry preferred. Exemplary communication, team leadership, and people development skills are essential. The successful candidate will hold as a minimum an undergraduate degree, with advanced education and training preferred.
